*R. P. CANNON, Esq., for four years Chairman of the Committee on Agriculture in the Ohio Legislature, and six years on the Ohio State Board of Agriculture, writes :*

AURORA, Ohio, March 4th, 1891.

MESSRS. H. H. WARNER & Co., Rochester, N. Y.

*Gentlemen :—*In the winter of 1885 I was taken with Rheumatism and other troubles, and was treated for six or seven weeks by my family physician. I kept growing worse, and it was very evident that the treatment was doing me harm instead of good. I then called another doctor in consultation, and he decided my difficulty was due to some kidney trouble, and prescribed and treated me for a month, during which time I *steadily grew worse*. I then sent to Cleveland, some 25 miles from here, and called a doctor who has the reputation of being one of the best physicians in that city, and after examining me he said I had *Bright's disease in an advanced stage*, with Rheumatic Arthritis, and that he thought he could help me some, but gave me *no hope of a cure*. He treated me for three weeks, and at the end of that time, finding I was no better, he said that my *disease was absolutely incurable*, and the other physicians who had been attending me agreed with him. They wanted to try some other remedies, and did so for two weeks more, but I received not a particle of benefit from them or their medicines. I was then very low, and I could not lie down in bed for fear of strangling. As a last resort a council of physicians was held, with the *unanimous decision that I had not a week to live*. I then discharged them all and commenced to take WARNER'S SAFE CURE. The first bottle gave me some relief and I began to mend slowly but steadily, until I *fully recovered*. My gain was slow but sure. I have been doing business for two years past with *no trouble of my kidneys to speak of*, and have not taken more than one bottle of SAFE CURE in that time. I am *now in usual health* for a man of three-score-and-ten, and weigh 185 pounds, being the same weight of ten years ago. I give all the credit of restoration of life and health to Warner's Safe Cure. Many friends within my knowledge have been cured, or greatly benefited, by the use of this great remedy, through my recommendation. I most heartily and sincerely publicly recommend it to all who are troubled with kidney or liver difficulty, but I would add, do not delay as I did, until disease so impairs the system that it requires months, and mayhap years, to restore health and strengt again.
